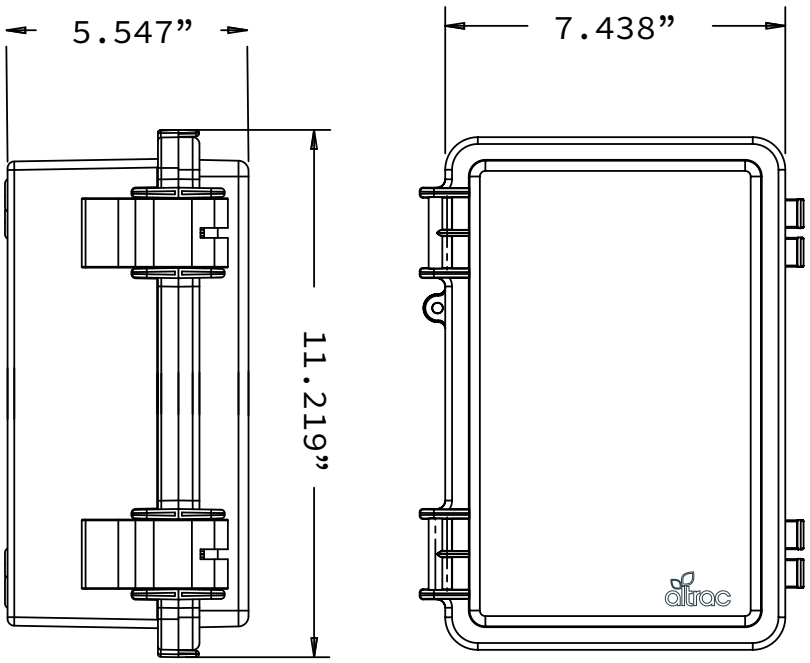
- MONITOR AND CONTROL
  Keep an eye on equipment from multiple ranches. Start and stop equipment with a single click.
- SET NOTIFICATIONS AND ALERTS
  Set your notifications and alerts so you can identify problems as they come up. Available via text, phone call, or e-mail.

- T.O.U. SCHEDULING APP
  Save on costs by scheduling irrigation cycles to minimize utility spending. Schedule blocks of irrigation hours which coincide with utility T.O.U. rate periods to help maximize off-peak electrical usage.

ROBUST AND RELIABLE

- IP67 Waterproofing
- Automotive Grade Hardware
- 110V Power Supply/3 Day Auxilliary Battery
- Proven Cellular Technology

DIMENSIONS



SPECIFICATIONS

WIRELESS OPTIONS: 2G/3G or LTE Cellular

PROVIDERS: AT&T and T-Mobile (USA)

WEATHERPROOF: Outdoor Rated (IP67)

HARDWARE: Automotive Grade Components

Voltage: 12VDC

Power Consumption: 4mA

Products:

SN100 - Temperature Sensor (40ft).

SN120 - Soil Moisture Hub

SN150 - Weather Station Monitoring

SW110 - Wind Machine Automation

SW130 - Flow Meter Monitoring

PW200 - Outdoor power supply

PW400 - Remote Power System
